

**Photonic Integration Conference**

[www.phiconference.com/](http://www.phiconference.com/)

Oct 01, 2019

High Tech Campus Eindhoven

The Netherlands

**\*part of Photonics Applications Week [Sep 30 – Oct 04, 2019, <https://phappsweek.com/>]**

On October 1, 2019, the 5th edition of the Photonic Integration Conference will take place at High Tech Campus Eindhoven, The Netherlands, during the Photonics Applications Week [Sep 30 – Oct 04, 2019, <https://phappsweek.com/>].

The following topics will be approached during the conference:

- Business models for applying Photonic Integration
- Cases of Photonic Integration in optical sensing, lighting & energy, displays, information technology, telecom, healthcare & life science, security & defence, robotic manufacturing processes
- Integration of photonics with microelectronics at the chip, board and system levels
- Tools for developing and packaging

For more information about the conference and registration, we invite you to visit the conference website <https://www.phiconference.com/>
